CREDENTIALS

All media credential requests for SDSU volleyball home games should be directed to assistant sports information director Ryan Sweeter or sports information director Jason Hove at least 24 hours prior to the event.

The sports information office mails credentials if they receive the request a week or more in advance. Otherwise, credentials may be picked up at the Jackrabbit Ticket Office inside the Stanley J. Marshall HPER Center on weekdays from 9 a.m. to 5 p.m., or at the Frost Arena ticket table 60 minutes to the start of the event.

SDSU allows courtside access in Frost Arena only to working media. Media requiring access to phone lines and Internet for photo or story transmission should contact the SDSU sports information office in advance of the match to assist in seating assignments, etc.

Live blogging of the description of the event is permitted; however, no live streaming of video of either game action or post-game press conferences is permitted. Video may be archived and posted to web sites following the conclusion of the event.

—ALL CREDENTIALS ARE NON-TRANSFERABLE—

PHOTOGRAPHERS

The South Dakota State Athletic Department asks that photographers (live and still) do not interfere with the sight lines of spectators. Video may be shot from the upper-level track on the east, west and south sides of Frost Arena. At court level, photographers must remain outside the team areas and in a position as to not interfere with the match.

STATISTICS

The South Dakota State University Sports Information Office keeps official statistics and distributes final statistics to teams and members of the media at the conclusion of the match.

POST-MATCH PRESS CONFERENCE

A post-match press conference may be held after select home matches in the Ginn Trophy Room located on the second floor of the Stanley J. Marshall HPER Center. The visiting team goes first, followed by SDSU players and coaches.

The following guidelines apply specifically to Internet sites:

- No more than two people working for the official web site of the opponent and/or its official conference site will be issued credentials.
- Web sites whose content centers around message boards and chat rooms where users can post anonymous information and/or rumors are ineligible for any consideration for credentials or access.
- Credentials will not be granted to any agency operating sites that are in any way affiliated with gambling, or to freelance or fan-based sites not affiliated with a legitimate news-gathering organization.

The final decision for credentials remains at the sole discretion of SDSU sports information personnel. Failure to abide by the guidelines outlined on this page may result in revocation of media credentials.

Two years removed from their first and only Summit League Tournament, the 2010 Jackrabbits know it takes more than just talent to make the return trip.

"I think the biggest key this season will be mental toughness," head coach Nanabah Allison-Brewer said. "It's amazing how the mental game completely dictates a team's performance."

Only two players remain for the Jacks 2007 NCAA Tournament run, but 78 percent of the team brings Division I playing experience, so they understand what it takes to not only win, but win in The Summit League.

The coaching staff, strengthened in the off-season with the addition of Kristin Belzung, knows about winning as well. Allison-Brewer experienced it as a player at New Mexico and as an assistant at Arizona, while Belzung learned the art of winning at perennial power Northern Iowa. Both know how to win and both believe that good defense and good passing serve as a catalyst to energizing both the team and the fans.

"People always say defense wins championships, and I agree with that because the relentless effort and pursuit of the ball provides a spark that everyone in the gym feeds on, including the fans."

In addition to the defense, Allison-Brewer wants the team to focus on serve receive because this transitions into an explosive and

powerful offense. These two elements could make the difference between winning and losing those close matches.

"We feel good about our physicality and definitely want to take advantage of our height and vertical jumping ability."

Perhaps the biggest question going into the season revolves around replacing the Jacks only departed senior, libero Stacey Wernert. The coaching staff expects a battle between several players to wear the off-colored jersey and that whoever gets the job needs to consistently pass and dig good playable balls as the team's primary defender and be the leader on the serve receive line.

"The libero position can oftentimes be undervalued because of their short stature but they can be one of the biggest role players on the court! They have the ability to WIN matches by themselves from breath taking digs and solid control," Allison-Brewer said. "It doesn't matter who earns the job, but whoever does, needs to Get Jacked so she can set the defensive tone each and every time we take the floor!"

Again, every match counts, especially when it comes to the team's overall confidence, but the season essentially comes down to conference play, and Allison-Brewer expects that task to get tougher yet again this year.

"After seeing the league for two years, I must say that the teams continue to get stronger," said the Jackrabbits third-year head coach. "North Dakota State remains the domi-

2010 SEASON PREVIEW

nate leader of the pack and we anticipate that to continue, but I would be remiss if I didn't mention the 2009 Summit League Tournament champion IPFW Mastodons, another quality program with plenty of tradition."

Add to that the resurgence of UMKC, who played well down the stretch to secure a berth in the league tournament. The Kangaroos return most of their players and enter the season poised to make another run to the tournament.

"Another strong team that earned our respect would be IUPUI, especially after they earned the No. 2 seed in last year's tournament," Allison-Brewer said of the Jaguars. "All in all, the ability of these teams in the league cannot be underestimated because like the saying goes 'any team can be beaten on any given night'. That's what happens in The Summit League."

The 2010 schedule as a whole features a nice mix of matches that can not only help develop the team's confidence, but also give them a taste of the top teams in the region.

"The start of the season provides us with an opportunity to learn about our strengths as well identify our imperfections," Allison-Brewer said. "These early non-conference matches offer constructive learning lessons that can assist us into the rest of the season, as well as propel us deep into the league tournament and, we feel, beyond."

He started practicing on his own from there, and the more he played, the more he loved the game.

2010 JACKRABBIT TRACKS

THE SUMMIT LEAGUE

IUPUI's Chen Ni became The Summit League's first NCAA female national champion, winning the women's platform dive at the 2010 NCAA Swimming & Diving Championships.

As The Summit League concludes its third decade as an NCAA Division I athletics conference, the ascending level of performance among the 10 member institutions and over 3,000 student-athletes in 19 championship sports continues.

Now in its 29th year, The Summit League is in the midst of a renaissance, both on the playing field and in the classroom. During the 2009-10 academic year, the League produced a national champion, 11 All-Americans, eight Academic All-Americans and 33 Academic All-District honorees.

IUPUI's Chen Ni made history at the NCAA Swimming & Diving Championships and highlighted the individual accomplishments in 2009-10. The sophomore became The Summit League's first female national champion, and fifth NCAA titlist overall, when she finished first in the platform dive.

Also garnering national recognition was Oakland men's basketball player Keith Benson, who received The Summit League's first national individual award for basketball performance when he was named the Lou Henson Award winner as the nation's Mid-Major Player of the Year.

The level of performance in men's basketball continued to rise as The Summit League was one of just six leagues outside of the "power six" conferences to have both of its championship game participants compete with RPI ratings in the top 85. The Summit League had two teams post 25-win seasons, making it one of seven leagues outside of the "power six" and one of 12 overall in Division I to make that claim. Summit League champion Oakland set new standards for season League victories (17), winning percentage (.944) and tied the mark for consecutive League wins (16).

The Summit League's Basketball Championship extended its visibility in 2010, as for the first time in history all 14 men's and women's tournament games were televised, including all seven men's contests with a national reach via an ESPN platform. Overall attendance in Sioux Falls, S.D., was the second-highest on record and a new women's quarterfinal session mark was set with 5,384 spectators.

Several other sports also saw records fall during the 2009-10 campaign. In volleyball, North Dakota State set a new mark with its 37th consecutive League win en route to its second straight undefeated season. Additionally, the League set standards for postseason participation in both track & field, where an all-time best 50 athletes qualified for the NCAA Outdoor Track & Field Preliminary Rounds, and women's basketball, where three teams advanced to postseason play.

Academically, six Summit League teams were bestowed with the NCAA Public Recognition Award, an honor given to teams

that have a Division I Academic Progress Rate (APR) in the top 10 percent of all squads in their respective sports. IPFW led with three teams on the list, including men's cross country, women's golf and volleyball, while another trio of teams, UMKC volleyball, North Dakota State women's golf and Oakland women's golf, also received accolades.

The national reach of The Summit League continues to expand with member institutions selected as hosts for NCAA Championship events, beginning with UMKC serving as a co-host for the 2010 NCAA Volleyball Championship. IUPUI will serve as a co-host for the 2011 Women's Final Four and the 2015 Men's Final Four and be the host for both the 2013 and 2017 NCAA Swimming & Diving Championships. League members were selected for several NCAA preliminary competitions with Oakland hosting the 2010 Cross Country Great Lakes Regional and 2013 Men's Basketball First and Second Rounds and IUPUI serving as co-host for one of the four 2013 Men's Basketball Regionals.

Last season's Summit League accomplishments came on the heels of a successful year in 2008-09. Attendance and sponsorship records were set at the 2009 Basketball Championships, the inaugural season in Sioux Falls. Furthermore, The League saw an unprecedented three teams end the season with a national ranking, a total of seven NCAA Tournament wins, and the NCAA's largest men's basketball attendance increase.

A pair of former Summit League student-athletes gained individual acclaim on the world stage during the summer of 2008. Former Oral Roberts track star Andretti Bain won a silver medal at the 2008 Beijing Olympics as a member of the Bahamas' 4x400-meter relay team after having claimed both the NCAA Indoor and Outdoor 400-meter titles earlier in the year. Former IUPUI standout George Hill became The Summit League's second NBA first round draft pick when he was selected 26th by the San Antonio Spurs after garnering Summit League Player of the Year honors.

Originally formed in 1982 as the Association of Mid-Continent Universities and later known as the Mid-Continent Conference, The Summit League is in its fourth year of a rebranding that followed its 25th anniversary and coincided with the Summit Plan, a strategic plan that places a renewed emphasis on improving the academic and athletic performances of all league student-athletes. Included in the plan was the league's new name, the creation of a new image and the addition of three member institutions.

The Summit League has a combined enrollment of over 125,000 at 10 member institutions: Centenary College of Louisiana, IPFW (Indiana University-Purdue University-Fort Wayne), IUPUI (Indiana University-Purdue University-Indianapolis), UMKC (University of Missouri-Kansas City), North Dakota State University, Oakland University, Oral Roberts University, South Dakota State University, Southern Utah University and Western Illinois University.

One of the Summit League's most iconic moments came when Valparaiso's Bryce Drew hit "the shot", a game-winning three-pointer at the buzzer, to top Mississippi in the first round of the 1998 NCAA Tournament. Valpo's story captivated the nation as they became the league's second team to reach the "Sweet 16."

In April 2009, the University of South Dakota accepted an invitation to join the league with full membership beginning in 2011-12 and currently serves as an associate member for swimming and diving. The League has one additional associate member in Eastern Illinois University, which currently competes in swimming and diving and will join in men's soccer in 2011.

These member institutions pride themselves on providing quality athletic, academic and social experiences for their student-athletes.

The Summit League sponsors 19 championship sports: baseball, men's and women's basketball, men's and women's cross country, men's and women's golf, men's and women's soccer, softball, men's and women's swimming and diving, men's and women's indoor track and field, men's and women's outdoor track and field, men's and women's tennis, and volleyball. The league champion receives automatic bids to the NCAA Tournament in all applicable sports.

Since its inception in 1982, The Summit League has had several transcendent moments on the national stage. In 1986, Cleveland State upset third-seeded Indiana in the first round of the NCAA Men's Basketball Tournament on its way to a berth in the Sweet 16. A decade later, Valparaiso captured the nation's attention when Bryce Drew hit "the shot" to defeat No. 4 seed

Mississippi in an NCAA first-round game and spark its Sweet 16 run.

More recently, Oral Roberts' baseball program finished the 2004 campaign with a national-ranking and became the first Summit League school to reach an NCAA Super Regional in 2006. Three years later, North Dakota State's 2009 softball team became the first League member to win an NCAA regional and advance to the Super Regional round. During the 2008-09 basketball season, South Dakota State's women's team was nationally-ranked throughout the year and capped its season with an NCAA Tournament first round victory.

The League has produced five NCAA champions, four Olympic athletes and several All-Americans in the sports of track and field, swimming and diving and cross country. Numerous professionals and several draft choices have come directly from The Summit League, including three Major League Baseball first round picks, a pair of NBA first rounders and one WNBA selection. Former Summit Leaguers Kevin Duckworth (NBA) and Kevin Seitzer (MLB) each were two-time all-stars during their professional careers.

Recent and historical success coupled with an increased growth among its membership base gives The Summit League a promising future on the landscape of college athletics.

Game day at South Dakota State brings out the best in Jackrabbit fans and players. Whether it's volleyball, football, basketball or any of the 18 other varsity sports at SDSU, Jackrabbit fans always come out and back the Jacks!

With a seating capacity of 6,500, Frost Arena ranks as one of the best venues in the state, and only got better in 2005, when SDSU spent more than \$3-Million to install new state of the art video scoreboards in Frost Arena and at Coughlin Alumni Stadium, creating a whole new experience for the Jackrabbit's faithful fan base.

The South Dakota State volleyball team enters its 45th season of competition with an 818-554 all-time record (.596 winning percentage) and with plenty of history already in the books.

In just its second year of Division I postseason eligibility, the South Dakota State volleyball team cruised through The Summit League regular and postseason to become the first team in school history to advance to an NCAA Division I Tournament.

Even though perennial power, and defending national champion Nebraska ended the Jackrabbits tournament run with a 3-0 win in front of a capacity crowd at historic NU Coliseum in Lincoln, Neb., the 2007 Jackrabbits put the program on the national map and laid the groundwork for the future success of the program.

A single match against the second ranked Cornhuskers may represent the only postseason experience at the D-I level, but the Jackrabbits brought with them a rich tradition of NCAA Tournament play at the Division II level.

Jackrabbit volleyball players Grethe Bornhoff, left, and Shauna Sturm raise the national runner-up trophy at the 2001 NCAA Division II Elite Eight in Allendale, Mich.

Jackrabbit seniors Samantha Pearson, Kristina Martin and Amy Anderson raise The Summit League Championship trophy at The 2007 Summit League Tournament in Fort Wayne, Ind. The win secured the school's first-ever NCAA Division I Tournament berth.

Prior to making the move to D-I, the South Dakota State volleyball program made its mark first in the Association for Intercollegiate Athletics for Women (AIAW) and then in the North Central Conference and in NCAA Division II athletics.

The Jackrabbits qualified for the NCAA Division II postseason five times in a six-year span between 1997 and 2002, compiling an 8-5 record in its five appearances, including a perfect 5-0 record in five-game matches.

The Jackrabbits reached the North Central Regional championship match four times, winning the 2001 crown to advance to the NCAA Division II Elite Eight in Allendale, Mich., where, under the direction of first-year head coach Andrew Palileo, the Jacks completed the season with a national runner-up finish.

Before the Jackrabbit volleyball program began competing at the D-II level in the NCC in 1982, SDSU won four AIAW State Championships. Sue Yeager led the Jacks to the title in 1972, her final season on the bench for the Jacks, while Ruth Marske coached the Jackrabbits to AIAW State Titles in 1974, 1975, 1977 and 1980.

In addition to changing the games from 30 to 25 points, games became sets in 2008.

South Dakota State plays its home matches in Frost Arena, named after former SDSU coach and athletic director R.B. "Jack" Frost.

The facility, part of the Stanley J. Marshall HPER Center, now seats 6,500 fans for basketball and 6,000 for volleyball. The SDSU-Augustana basketball game on Feb. 11, 1989, attracted an arena record 9,456 fans, a record which may never be broken since the new chair-back and courtside seating, added before the 1992-93 season, eliminated seats from the arena total.

R.B. "Jack" Frost

The improved seating represents just one in a series of changes which include a combined \$3 million in Daktronics scoreboard equipment, added to Frost Arena and Coughlin-Alumni Stadium in the fall of 2005.

The Frost Arena portion includes a four-sided scoreboard with four ProStar® video screens measuring 12 feet by seven feet, two ProAd® displays measuring 60 feet long by four feet high and a full-color digital ProTable® scorers table, all of which can display real-time statistics. Frost Arena also received a newly repainted floor in 2007.

The State of South Dakota let bids totaling \$3,374,115 for the facility following legislative approval of the project, with the bill signed by Governor Frank Farrar on Feb. 14, 1970. SDSU broke ground on site on Sept. 22, 1970 and Governor Richard Kneip placed the cornerstone on Oct. 2, 1971. Final cost of the building totaled \$3,685,000, with the difference made up by gifts and items donated later.

The Jackrabbits played their first game in Frost Arena on Feb. 2, 1973. In 1994, the one-millionth fan passed through the Frost Arena turnstiles.

Born in Sheyenne North Dakota on April 26, 1907, Reuben B. "Jack" Frost graduated from Spring Grove, Minn., High School in 1923. He attended Luther College (Iowa) from 1924 to 1928, and received his PhD in Physical Education from the University of Oregon in 1958.

His coaching career began in 1928 at Glenwood, Minn., High School and later at Fergus Falls, Minn. In 1935, he became athletic director and coach at Bemidji State College.

Frost served as athletic director, professor and head of the physical education department at South Dakota State from 1947 until 1960. He compiled an 86-79 mark in seven seasons as Jackrabbit men's basketball coach from 1948-54.

Frost also worked as an international leader in recreation, health and physical education, serving in 1965 as the United States representative at the Fifth Session of the International Olympic Academy in Greece.

Dr. Frost established the Health, Physical Education and Recreation Graduate program at South Dakota State University in 1951.

An author, teacher, coach and administrator, Dr. Frost's influence on this university remains today. He mentored Dr. Stanley Marshall, in whose honor the HPER Center is named.

DAVID CHICOINE
PRESIDENT

A 1969 graduate of South Dakota State, Dr. David Chicoine took over as the 19th President in SDSU history on January 1, 2007.

Prior to his return to SDSU, the Elk Point native served as the vice president for technology and economic development at the University of Illinois.

In addition to his agribusiness degree from SDSU, Chicoine holds master's degrees in economics from Western Illinois University and in agriculture economics from the University of Delaware. He earned his Ph.D. in agriculture economics from the University of Illinois at Urbana-Champaign.

An accomplished applied economics scholar, Chicoine earned recognition and numerous awards in writing more than 100 scholarly publications. He also sat on the board of trustees for the Chicago-based Farm Foundation and served as a trustee of Carle Foundation Hospital in Urbana, Illinois. He also served on the board of the John Warner Bank in Clinton, Illinois, and as a board member of the Champaign County Community Foundation.

Chicoine's father, Roland, who served 18 years in the South Dakota Legislature, attended SDSU prior to World War II. All seven of Chicoine's siblings also attended SDSU. In 1986, South Dakota State honored the Roland and Evelyn Chicoine family by naming them the SDSU Family of the Year.

JUSTIN SELL
DIRECTOR OF ATHLETICS

Justin Sell became the 12th director of athletics at South Dakota State on May 29, 2009, taking over for Dr. Fred Oien, who retired on April 8, 2009 after 18 years.

Sell came to SDSU after 10 years at the University of Northern Iowa, most recently as the Senior Associate Athletic Director for the Panthers.

Responsible for community relations in the areas of economic development, tourism and the Chamber of Commerce, Sell played a vital role in community engagement for UNI athletics. As president and co-founder of the Cedar Valley Sports and Entertainment Commission, he designed, implemented and managed a fundraising plan that raised more than \$260,000 to bid and attract statewide, regional and national level events to the local communities.

Sell came to UNI in May 1999 as the Operations Manager for Athletic Facilities before earning a promotion to Assistant Athletic Director for Operations in 2000.

He worked his way up to Associate Athletic Director in 2002, where he began sport management of nine sports and direct oversight of more than 100 employees.

Prior to UNI, Sell worked as the Director of Ticket Operations and Assistant Facility Director and Intramural Director at Villanova from 1995-99, where he oversaw facility capital projects.

Before arriving at Villanova, he worked at Syracuse University and Ohio State.

Sell graduated from Bowling Green State University in 1991, earning a degree in Sport Management. He received his master's in Sport Administration in 1992 from Ohio State, where he worked as a graduate assistant for facilities, summer camps and compliance.

He and his wife, Jennie, have four children - Abbie, Zach, Josh and Eric.

MYLO HELLICKSON
FACULTY REPRESENTATIVE

Dr. Mylo Hellickson started as South Dakota State University's faculty representative to the North Central Conference and NCAA in 1977, and as such also serves as chairman of the Athletic, Intramural and Recreation Committee on campus.

He also filled in as interim Athletic Director from January-May 2009 upon the retirement of longtime AD Fred Oien and before Justin Sell took over on a full-time basis on May 29, 2009.

On the SDSU Staff since 1969, Hellickson returned to the classroom as a professor in agricultural engineering after serving several years as director of agriculture extension at SDSU. He also served as a professor in agricultural engineering until he earned an appointment as head of that department during the summer of 1982.

Dr. Hellickson specializes in the area of livestock structures and environment with recent emphasis on solar energy use in agriculture.

A native of Belfield, N.D., he earned a bachelor's degree in agricultural engineering from North Dakota State University in 1964, added a master's degree in ag engineering from NDSU in 1966, then earned a Ph.D. in engineering at West Virginia University in 1969.

The North Central Conference presented Hellickson with its Meritorious Service Award at the November 1990 meeting.

FACILITIES

South Dakota State University provides its student-athletes the opportunity to train and compete in some of the finest facilities in The Summit League. Within the past five years, SDSU added or enhanced several Jackrabbit athletic facilities, including:

- Construction of new on-campus baseball and softball competition fields;
- Construction of a new equestrian center;
- Installation of new video boards and scoreboards at Coughlin-Alumni Stadium and Frost Arena;
- Completion of a practice soccer field

SDSU further enhanced its student-athlete facilities in 2009 with the completion of the Dykhouse Student-Athlete Center. Located in the north end zone of Coughlin-Alumni Stadium, the Dykhouse Student-Athlete Center houses an academic center for use by all Jackrabbit student-athletes, as well as new locker room and training facilities for the SDSU football team.

Construction on the Dykhouse Student-Athlete Center marks the first stage of a master plan to dramatically modernize athletic facilities at SDSU.

The \$6 million donated by Sioux Falls bankers Dana Dykhouse and T. Denny Sanford in the fall of 2007 set in motion the construction of the first major athletic building on campus since Frost Arena in 1973.

Future additions to the Dykhouse Student-Athlete Center, which would be included in a comprehensive athletic facilities master plan, would house offices, meeting rooms and locker facilities for all outdoor sports at South Dakota State University.

The Dykhouse Student-Athlete Center opened in the fall of 2009

With a record enrollment of 12,376 students in the fall of 2009, South Dakota State University remains the state's largest institution of higher education. Students from all 50 states and more than 40 nations attend SDSU, a public, land-grant institution.

SDSU granted nearly 70,000 degrees since its charter in 1881, with degrees offered through these nine colleges:

- Agriculture and Biological Sciences
- Arts and Sciences
- Education and Counseling
- Engineering
- Family and Consumer Sciences
- General Studies
- Nursing
- Pharmacy
- Graduate School

SDSU also offers degree programs through the University Center in Sioux Falls. The Office of Continuing and Extended Education coordinates evening, RDTN, Internet and off-campus courses.

SDSU offers more than 200 majors, minors and options, with more than 2,500 different course offerings. Students can choose from more than 200 clubs and organizations active on campus.

- The \$6 million Dykhouse Student-Athlete Center;
- Caldwell Hall, with work beginning on additional suite-style residence halls;
- A \$7.8 million campus wellness center

The SDSU Foundation's "It Starts With State" campaign, a comprehensive fund-raising initiative designed to raise \$190 million over the next several years, continues to identify additional facility projects and enhancements to academic programs.

Every college, department and unit stands to benefit from "It Starts With State" campaign. The impact of scholarships, endowments, facility enhancements, professorships, endowed chairs and the Funds for Excellence reaches every academic college and program on campus.

INNOVATIVE

The first building of the Innovation Campus opened in 2008

SDSU offers the most undergraduate research opportunities in the state

The Innovation Campus at South Dakota State University marks the state's first and only university-affiliated research park. Located on 125 acres just east of campus, it provides an environment that fosters partnerships among the University, business, government and the community to grow the sciences and technology-based economy.

SDSU boasts the highest percentage of undergraduates involved in research of any South Dakota public university. SDSU is large enough to offer competitive research opportunities, yet small enough to foster student faculty learning opportunities.

Major areas of research at SDSU include:

- Engineering and technology research into photovoltaic devices, nanotechnology, materials science, wind power, surface transportation systems, signal and image processing, water treatment, computer sciences, software engineering and computational science and statistics
- Agricultural sciences research on crops and livestock, including food manufacturing, bio-based energy, economics and horticulture
- Management and conservation of natural resources.
- Health sciences, nutritional sciences and wellness research programs in pharmaceutical sciences, nutrition and exercise physiology
- Renewable energy research develops bio-based energy technologies, while promoting diversification and environmental sustainability of America's agriculture
- The federal government awarded SDSU and six other universities \$69 million in federal funds over the next five years to serve as Vanguard centers for the National Children's Study. The NCS studies more than 100,000 children from across the country from conception to age 21

THE JACKRABBITS

South Dakota State offers 21 varsity sports with Jackrabbit teams competing at the NCAA Division I level. Football competes in the Division I Football Championship Subdivision in the Missouri Valley Football Conference, while 18 sports compete in The Summit League. Wrestling competes in the Western Wrestling Conference, while equestrian currently competes without conference affiliation.

EVOLUTION OF A NICKNAME

Two theories exist as to how and why SDSU's athletic teams became known as the Jackrabbits. Most believe that the name "Jackrabbits" came from a story and cartoon sketch that appeared in a Minneapolis newspaper following a 1905 football game between the University of Minnesota and South Dakota State College. Many believe that a reporter for the newspaper, knowing of the preponderance of jackrabbits in the Brookings area, wrote that the SDSC team was as quick as jackrabbits. Many people believe that the school adopted the Jackrabbits as its official nickname from that beginning.

The other theory about the origin of the nickname came in "The Jackrabbit", SDSU's yearbook. A poem in the 1907 yearbook puts forth the idea that the yearbook is called "The Jackrabbit" because a group of juniors wished to immortalize themselves by changing the name of the yearbook. Athletic teams followed suit, adopting the nickname.

Prior to the adoption of the Jackrabbit nickname, fans knew the school athletic teams as the Barn Yard Cadets, which made sense, because the school went by the name of South Dakota State College of Agriculture and Mechanic Arts in 1907.

The Jackrabbit can run at speeds of 30-to-35 miles per hour, with bursts up to 45, making it the second fastest animal in North America,

second only to the pronghorn antelope, which can run at speeds up to 60 miles per hour.

Properly speaking, Jackrabbits should not be called rabbits but hares, with longer feet and longer ears than rabbits. Most hares live in open country, whereas rabbits - like cottontails - live in brushy habitats.

Jackrabbits can grow up to two feet long; weigh from six to nine pounds, with ears up to eight inches long. Hares do not eat meat; they eat tender herbs in the summer and woody twigs and bark in the winter.

COMMUNITY

Located in Brookings, a growing community of about 18,700 people, South Dakota State University sits 20 miles west of the Minnesota border and 50 miles north of Sioux Falls in east-central South Dakota, Brookings can be found at the intersection of U.S. Highway 14 and Interstate 29.

Brookings and the surrounding area feature tremendous recreational and cultural opportunities. The city features a vibrant downtown area with shopping and nightlife opportunities, maintains an extensive park and recreational trail system, features two 18-hole golf courses, and serves as a gateway to first-class fishing and hunting areas.

South Dakota State University also houses several facilities, including museums and gardens, which highlight South Dakota history and heritage.

The South Dakota Art Museum houses several collections, including early Sioux Indian tribal art, the famed Harvey Dunn paintings of pioneer life and the exclusive Vera Way Marghab linens. The State Agricultural Heritage Museum transformed the former Stock Judging Pavilion into a home for exhibits that record and preserve the agrarian heritage of South Dakota.

The 70-acre McCrory Gardens and South Dakota Arboretum, located south and east of campus, provide a beautiful setting for area residents and tourists to enjoy a stroll through the radiant colors and fragrances of one of the top-10 small ornamental gardens in the nation. Adding to its honors, McCrory Gardens earned the distinction of being named an All-American Display Garden, one of only 13 in the nation.

The community houses several recognizable companies including Rainbow Play Systems, Minnesota Mining and Manufacturing (3M), Larson Manufacturing and Daktronics, a leading manufacturer of scoreboards and display systems.

The South Dakota Art Museum is free and open to the public

McCrory Gardens honors Professor S.A. McCrory who headed the College of Agriculture and Biological Sciences from 1947 until his death in 1964
